Smartphone - Xtremwork - Xtremwork connectors

XTREWORK Reinforced USB Type-C Cable

RECHARGE YOUR BATTERY IN THE MOST EXTREME CONDITIONS

The Xtremwork range was specially designed for intensive and extreme use. A solution for anyone looking for high-performance and durable products. We use materials known for their extreme strength, such as Kevlar® or Nylon for the cable jacket, as well as highly durable molded plastic connectors.

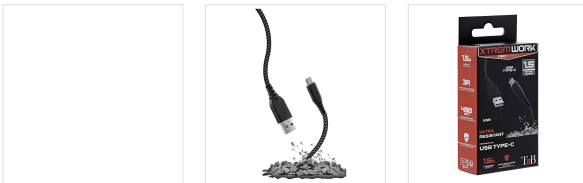

Xtremwork cables are therefore extremely resistant to abrasion and tearing. We subject them to extreme bending tests (30,000 bends).

As a guarantee of durability, we guarantee all Xtremwork cables for 5 years.

This 1.5-meter USB 2.0 to USB Type-C cable allows you to charge and sync data from your iPhone, iPad, or iPod to any device or charger with a USB-A port.

Ultimate quality comes with a lifetime warranty on this product*.
